

Eduardo was introduced to rock climbing and mountaineering at a very young age, here in Bolivia. Climbing for more than 25 years has taken him to many places. He has climbed in Peru, Ecuador, Chile, Argentina and Europe. His love for the mountains gave him the desire to work as a mountain guide. To improve himself, he started his mountain guide courses. In 1995, he earned the certification of International Mountain Guide with UIAGM, One of the few guide in Bolivia to reach this level. Eduardo is easy going and always ready to give a hand. To communicate with Eduardo is easy, as he speaks English well.
